- 3 Akil prepared his trial balance at 29 February 2024. The total of the debit side was \$83640 and the total of the credit side was \$84025.

Akil later discovered the following errors.

- 1 The total of the sales journal for January 2024, \$3416, had been credited to the sales returns account.
- 2 A direct debit for insurance, \$115, had been credited to both the bank account and the insurance account.
- 3 Discount allowed, \$47, had been credited to the account for discount received.
- 4 A payment for office equipment, \$52, had been debited to the stationery account.
- 5 The purchases journal for February had been overcast by \$90.

REQUIRED

(a) State

- (i) which business document shows when the direct debit for insurance was paid
..... [1]
- (ii) which of the errors listed in 1 to 5 above is an error of principle
..... [1]

(c) (i) State why a balance may remain on the suspense account after errors 1 to 5 have been corrected.

.....
 [1]

(ii) Prepare the suspense account. Bring down any remaining balance at 1 March 2024.
