## ACCOUNTING

0452/11

Paper 1 Multiple Choice

October/November 2024

1 hour 15 minutes

You must answer on the multiple choice answer sheet.

You will need: Multiple choice answer sheet  
Soft clean eraser  
Soft pencil (type B or HB is recommended)

---

## INSTRUCTIONS

- There are **thirty-five** questions on this paper. Answer **all** questions.
- For each question there are four possible answers **A, B, C** and **D**. Choose the **one** you consider correct and record your choice in soft pencil on the multiple choice answer sheet.
- Follow the instructions on the multiple choice answer sheet.
- Write in soft pencil.
- Write your name, centre number and candidate number on the multiple choice answer sheet in the spaces provided unless this has been done for you.
- Do **not** use correction fluid.
- Do **not** write on any bar codes.
- You may use a calculator.

## INFORMATION

- The total mark for this paper is 35.
- Each correct answer will score one mark.
- Any rough working should be done on this question paper.

---

This document has **12** pages. Any blank pages are indicated.

1 What is the purpose of measuring business profit and loss?

- A to check the productivity of employees
- B to consider the ability of the business to grow
- C to determine how much cash is available
- D to ensure that the inventory is not overstated

2 At the end of her first year of trading Zoe had \$6500 in her business bank account.

Then she paid \$5000 of her own money into the business bank account. She used \$2000 of this amount to repay a business loan.

What effect would these transactions have on her assets, capital and liabilities?

	assets \$	capital \$	liabilities \$
<b>A</b>	-3000	-5000	+2000
<b>B</b>	+3000	+5000	-2000
<b>C</b>	+3000	+3000	unchanged
<b>D</b>	+5000	+5000	unchanged

3 Which business document is used by a trader to record amounts deposited into the bank account?

- A bank statement
- B cheque counterfoil
- C paying-in slip
- D statement of account

- 4 A trader kept a petty cash book using the imprest system.

He provided the following information.

		\$
1 March	petty cash balance	80
	transfer from bank account to restore the imprest	170
31 March	petty cash payments	195
	petty cash expense refunded	10

How much was needed to restore the imprest on 1 April?

- A** \$55                      **B** \$65                      **C** \$185                      **D** \$250
- 5 Sahil took goods from the business for his own use. These goods had a cost of \$60 and a selling price of \$100.

Which entry was made in the drawings account to record this withdrawal of goods?

- A** \$60 credit  
**B** \$60 debit  
**C** \$100 credit  
**D** \$100 debit
- 6 What is an advantage of using a sales journal?
- A** It enables monthly totals to be posted to the sales ledger.  
**B** It ensures that all credit sales are correctly recorded.  
**C** It reduces the number of entries in the sales account.  
**D** It shows the amount owed by credit customers at the month end.

- 7 The following account appeared in the ledger of Eli.

Jacob account			
	\$		\$
June 1 balance b/d	220	June 4 bank	210
22 sales	400	discount	10
	—	30 balance c/d	<u>400</u>
	<u>620</u>		<u>620</u>

Which statement is correct?

- A On 1 June Eli was owed \$220 by Jacob.
- B On 4 June Eli paid Jacob \$210 by cheque.
- C On 22 June Jacob sold goods to Eli for \$400.
- D On 30 June Jacob was owed \$400 by Eli.
- 8 The totals of a trial balance agreed but it was found that the purchase of office equipment had been debited to office expenses account.

Which type of error has been made?

- A commission
- B compensating
- C original entry
- D principle
- 9 Mandy's trial balance failed to agree. The difference of \$620 was placed in a suspense account. The suspense account's balance was shown on the debit side of the trial balance.

Which error had caused the difference?

- A Discounts allowed of \$310 had been credited to the discount received account.
- B Discounts received of \$310 had been credited to the discount allowed account.
- C The value of closing inventory had been overstated by \$620.
- D The value of closing inventory had been understated by \$620.

- 10** Jane took cash drawings from the business. The amount was debited to the purchases account and credited to cash.

How did this error affect the profit for the year and the current assets in the financial statements?

	profit for the year	current assets
<b>A</b>	decrease	no effect
<b>B</b>	increase	no effect
<b>C</b>	no effect	decrease
<b>D</b>	no effect	increase

- 11** What is true about a bank statement?

- 1 It is a demand by the bank for repayment of an overdraft.
- 2 It shows a positive bank balance as a debit balance.
- 3 It shows transactions affecting the bank account in a given period.

- A** 1 and 2      **B** 1 only      **C** 2 and 3      **D** 3 only

- 12** On 30 June the bank column in Farad's cash book showed an overdrawn balance of \$2000.

The following items had not been entered in the cash book.

	\$
standing order for rent	200
interest on bank overdraft	50
credit transfer from X Limited	2900

What was the corrected balance of the bank column in the cash book at 1 July?

- A** \$650 credit  
**B** \$650 debit  
**C** \$1150 credit  
**D** \$1150 debit

**13** What is an advantage of maintaining a purchases ledger control account?

- A** It detects errors of omission.
- B** It guarantees the accuracy of the ledgers.
- C** It prevents fraud.
- D** It shows how much is owed to suppliers.

**14** Raj is both a customer of and a supplier to Balbir.

Raj's account in Balbir's sales ledger showed a debit balance of \$300. There was a credit balance of \$100 on Raj's account in Balbir's purchases ledger. A contra entry between the two accounts was agreed.

Which entry would Balbir make in his purchases ledger control account?

- A** credit \$100
- B** credit \$200
- C** debit \$100
- D** debit \$200

**15** A limited company sells office equipment. The following amounts were recorded in the company's books of account.

- 1 cash received from disposal of motor vehicle \$6000
- 2 cash received from issue of shares \$9000
- 3 discount received \$8000
- 4 rent received \$5000

What was the total of the capital receipts of the company?

- A** \$13 000
- B** \$14 000
- C** \$15 000
- D** \$23 000

**16** On 1 January 2023 Kate paid \$400 for a two-year maintenance contract on her machinery starting on that date. In error this amount was debited to the machinery account.

Kate depreciates her machinery at the rate of 20% per annum.

What effect did the error have on Kate's profit for the year ended 31 December 2023?

- A** overstated by \$80
- B** overstated by \$120
- C** understated by \$80
- D** understated by \$120

17 Why should a business depreciate its non-current assets?

- A to charge the cost of an asset as an expense in the year of purchase
- B to ensure that cash is available to replace the non-current assets
- C to ensure the value of non-current assets is not understated
- D to match capital expenditure against the revenue it has helped to earn

18 A trader had a credit balance on his heat and light account at the start of the financial year.

What does this balance represent?

- A accrued income
- B an accrued expense
- C prepaid income
- D a prepaid expense
